Lesson:Katie And Meg

Katie And Meg is a solo which features a lot of backstinging Backsticking is a technique for striking the drum with thje butt end of the stick.To play a right-hand backstick , bend the right wrist back until the bead of the stick points up and strike the drum with the butt end of the stick. If you play matched grip , the left hand is played the same way. If you play traditional grip . turn your left hand over and strike the butt of the stick on the head of the drum as your palm is facing down.The following 6 exercises should prepare you for the phrases you will encounter.
